New Build | House, 3 Residents | High Physical Support | With On-Site Overnight Assistance | Fire Sprinklers and Emergency Services

Specialist Disability Accommodation

Private rooms with ensuite.

Built in cabinetry with storage.

Personal TV in every room.

A community feel, sharing services and communal living spaces between neighbours.

Beautiful shaded outdoor areas for community activities.

Accessibility enabled, with rooms prepared for hoist installation if required.

A layout which provides privacy and light touch support from staff.

A balance between open, social community spaces and private areas.

Security features at key entry points.

Plenty of parking for friends and family.

Supported Independent Living

Staff : client ratio aimed at 2:6 - 3:6 during the day, adjusted to meet client needs

Expert team delivering 24/7 care over the course of disease progression.

Staff experienced with the behavioural and physical aspects of Huntington's Disease.

Support to establish structure and routine to assist during early disease progression.

Daily self-care and management.

Oversight of severe dysphagia, wound care, and high intensity supports.

A sensitive approach to palliative care.

Support to connect clients with family and their broader community.

A multi-generational approach to care.

Meal preparation and laundry are conducted on site, allowing residents to engage with personal care activities.

A collaborative approach to working with our clients' circle of supports.

About Brightwater

Brightwater is a not-for-profit organisation that supports ageing people and people living with neurological, psychosocial and other complex disabilities to live a more independent life.

We support people whose lives aren't always easy. We don't simply aim to make their lives better. We aim to help people to live their best possible lives, whatever that means to them.

Is someone you are supporting interested in a state-of-the-art house and specialist SIL services for people with Huntington's Disease right here in Perth? For more information, visit brightwatergroup.com/disability/supported-independent-living or call 1300 223 968.
